JOHN K. HENDRICKS

The Great First District Lawyer
Will Speak.

Assigned to Hopkinsville Next
Monday and Has Ac-
cepted.

Although Gov. McCreary and Gov. Beckham cannot speak here Monday, by reason of another conflicting engagement, the State Committee has assigned one of the best speakers in the state to Hopkinsville.

Hon. John K. Hendricks will make his first speech of the campaign at the court house at 2 o'clock and it goes without the saying that his effort will be a great one. Col. Hendrick is conceded to be one of the foremost orators of Kentucky and a lawyer with few equals in the State. He was in Frankfort during the reign of crime that culminated in the murder of the Governor and will be prepared to speak as an eye witness about the lawless era of Taylorism.

The committee has positive assurances that Col. Hendricks has accepted the assignment and will certainly speak.

DEMOCRATIC HEADQUARTERS.

More Clubs Organized And Many
Names Enrolled.

The Third district of Hopkinsville organized a club of 75 members Monday night, with James West President and Geo. W. Phelps Secretary. Speeches were made by J. T. Hanbery and others.

On Tuesday night another big club was organized in the Fourth district of the city. W. M. Hancock was made President, R. M. Woodruff vice President and C. F. Lacy Secretary. Judge Geo. F. Campbell made a rousing speech.

The only precinct not organized in the city is No. 2 and a Club will be formed for that precinct to-night at the committee rooms. The clubs already organized now number over 300 members in the city.

BOYD-JONES.

Popular Church Hill People Take
the Marriage Vows.

The marriage of Mr. Charles Boyd and Miss Sallie Edna Jones took place at the home of the bride's parents, Mr. and Mrs. E. D. Jones, near Church Hill, at 5 o'clock p. m., Wednesday. Elder H. D. Smith, of this city, performed the ceremony. The groom is a well known and prosperous young farmer, who has been associated, and no young man in that neighborhood stands higher than Charlie Boyd.

His bride is a very pretty young lady, possessing many rare accomplishments, and her charming manner has made her one of the most popular ladies of that section.

The KENTUCKIAN extends the usual congratulations to the happy couple.

CLUB AT LAFAYETTE.

South Christian Democrats Organ-
ize With Good Membership.

A Democratic Club was organized at Lafayette Tuesday night with about forty members. It is expected that the membership will be considerably increased at the next meeting.

GUTHRIE FAIR

The Guthrie Fair is in progress this week with a fine line of exhibits and a good attendance, in spite of the rain yesterday. An excursion train is being run from Madisonville every morning and with favorable weather the fair today and to-morrow is expected to bring together a great crowd.

STRIKE GROWS.

Now 126,000 of the 141,000
Miners Out.

No Trouble Has Occurred at Any
of the Mines—Almost a Com-
plete Tie Up.

Seranton, Pa., Sept. 20.—It was estimated last night that about 70 per cent of the mine workers in the Pennsylvania anthracite region were idle. President Mitchell, of the Mine Workers' Union, says the number out is now over 126,000. Two more of the Philadelphia and Reading collieries have closed. An interesting meeting was held at Jeddo yesterday, in which Strike Leader Mitchell, Operator Markle and Father Phillips met in a spirited debate. Strike leaders claim that the Markle mines will be closed to-day as a result of the meeting. The expected trouble in Ly-Ken's valley did not materialize, the leaders calling off the miners' march because of the bad feeling between union and nonunion men. At Shamokin, a committee of miners is making an effort to secure arbitration, but there is no other move toward a settlement.

JIM HOWARD

Tells His Story on the Witness
Stand.

Frankfort, Sept. 20.—Jim Howard was on the witness stand for five hours at Frankfort yesterday, and will be recalled to-day for additional "cross-examination." It is the general opinion of those who heard his testimony that it did not help his case. He attempted to establish an alibi by claiming that he was at the Board of Trade Hotel when Gov. Goebel was shot, but the cross examination brought out many weak points in his statement. He also made a number of damaging admissions, and at times his memory was poor and he was perceptibly confused. In nearly every instance he admitted having talked with the witnesses for the prosecution at the times and places they mentioned in their testimony but defied the incriminating portions of their testimony.

HELD TO ANSWER.

The Case Will be Investigated by
Grand Jury.

The examining trial of Will Nance, col., who shot and wounded Will Wallace, col., at a dance near the city Saturday night, was held before Judge Campbell Tuesday. Nance was held over to the grand jury and his bond fixed at \$100. He failed to furnish the required bond and was returned to jail.

The condition of Wallace, the wounded man, is much improved and the chances for his early recovery are considered good.

TWO BIG FINES

And Some Smaller Ones Assessed
in City Court.

Ed Weakley, col., walking on street with questionable character, fined \$15 and costs. Work house.
Lula Ogg, col., disorderly conduct, fined \$20 and costs. Work house.

Bud Baker, col., using profane language, fined \$10 and trimmings. Work house.

Will Stuart, col., disorderly conduct, fined \$5 and costs. Paid.

Will Hughes, col., selling liquor without license within one mile of city limits, two cases, fined \$50 and costs in each case. Work house.

Mrs. W. S. Goodwin continues quite sick at her home on North Main. There has been no perceptible improvement in her condition for several weeks.

WE WANT THE MAN

Who is in the Habit of Having His Clothes
Made by a Merchant Tailor to Read This
Advertisement.

The Fall Season is upon us and we know of no better time to have a talk with you about clothing than now. You don't think Ready-made Clothing is good enough for you! You don't think you can get a perfect fit! How do you know? Have you tried? It's true most Ready-to-wear Clothing lacks the style and character that you want. But, there has been a world of improvement made in Ready-to-wear Clothing. Don't you know that many of your friends have long since broken away from the merchant tailor. They have been convinced of the folly of paying a big price for clothes. Of course, it depends entirely on which store you are clothed from. We can give you just as good a fit and just as good tailoring in our Clothing as any merchant tailor, and it will have as much style and character; in fact, your friends cannot tell the difference. Above all

Think of the Economy

All our Clothing is made specially for us. Made-to-order by the largest and best tailors and manufacturers in the world. It's the "VITALS" BRAND, rightly named, because the insides, "Vitals," of all our garments are made on the same plan as the merchant tailor uses, to guarantee lasting shape and permanent perfect fit.

For Fall and Winter

We offer the very newest styles in Men's Suits and Overcoats. We want you to see our stock before you make up your mind to stick to your tailor, for we know we will open your eyes when you see our offerings in Men's Suits and Overcoats, at

And Has Children Older Than Present Husband.

I. D. Dobbs, aged 35, and Amanda M. Crow, aged 35, were married here Monday. They had never met until last Saturday, when by chance they met in Smith's grocery, and the marriage was the result of the meeting. The groom lately came to this county. The bride is a widow and has children older than her present husband.—Princeton Chronicle.

FINE TOBACCO.

Fair Prices Ruling in Robertson County, Tenn.

Bosco the Snake Eater.

One of the most wonderful exhibitions to be seen at the Elks Fair will be Bosco, the human snake eater, pronounced by the leading surgeons to be the most weird and startling performance ever seen. While sitting amidst a den of the most venomous reptiles that creep upon the globe, fondly caressing these strange companions, he suddenly pounces upon them sucking their life blood and eating them alive. A study in natural history. A freak past understanding. You'll have to hurry! Bosco eats 'em alive.

Killed His Wife.

Clarksville, Tenn., Sept. 15.—Doc Martin, a farm hand, is in jail here charged with beating his wife's head nearly off and breaking her neck with a fence rail. The woman's mutilated body has been found in a gully covered with debris. The woman's fourteen-month-old child remained with the mother all night.

Common Sense Talk with Women

If a person is ill and needs a medicine it is not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit.

A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health. This seems to us very unwise, for there are remedies which are no experiments and have been known years and years to be doing only good.

Take for instance Lydia E. Pinkham's Vegetable Compound. For thirty years its record has been an unbroken chain of success. No medicine for female ills the world has ever known has such a record for cures. It seems so strange that some people will take medicines about which they really know nothing, some of which might be, and are, really harmful; while on the other hand it is easily proved that over one million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States more genuine testimonials letters than have ever been published in the interest of any other medicine.

All this should, and does, produce a spirit of confidence in the hearts of women which is difficult to dislodge, and when they are asked to take something else they say, "No, we want Lydia E. Pinkham's Vegetable Compound, which has been tested and never found wanting, whose reliability is established far beyond the experimental stage."

We have thousands of letters like the following addressed to Mrs. Pinkham, showing that

Monthly Suffering Is Always Cured by Lydia E. Pinkham's Vegetable Compound, also Backache and Bearing-down pains.

"I suffered untold agony every month and could get no relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have made me the happiest woman alive. I shall bless you as long as I live."—Miss JOE SAGE, Dover, N. H.

"Four years ago I had almost given up hope of ever being well again. I was afflicted with those dread headache spells which would sometimes last three or four days. Also had backache, bearing-down pains, leucorrhoea, dizziness, and terrible pains at monthly periods, confining me to my bed. After reading so many testimonials for your medicine, I concluded to try it. I began to pick up after taking the first bottle, and have continued to gain rapidly, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in the highest terms to all sick women."—Miss ROSA HEDDER, 120 W. Cleveland Ave., Canton, N. Y.

Two Letters which Prove that Lydia E. Pinkham's Vegetable Compound Will Remove Tumor and Cure Other Female Weakness.

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had for tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.

"The doctor said that all that could help me was to have my womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it. And, wonder of all, after taking her Vegetable Compound the tumors were expelled and I began to get stronger right away, and am as well as ever before. Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Compound."—MARY A. STANT, Watertown, Pa.

"After following directions given in your kind letter for the treatment of leucorrhoea, I can say that I have been entirely cured by the use of Lydia E. Pinkham's remedies, and will gladly recommend them to my friends."—A. E. DAVIES, Birmingham, N. Y.

Another Case of Womb, Kidney and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR FRIEND—Two years ago I had child fever and womb trouble in its worst form. For eighteen months I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was stiff and sore, the right ovary was badly swollen, and everything I ate distressed me, and there was a bad discharge.

"I was confined to my bed when I wrote you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and am now able to do the most of my housework. I believe I should have tried it if I had not been for your Compound. I hope this letter may be the result of sending it to another suffering woman. I recommend your Compound to every one."—Miss MARY VANDER, Yelm, Wash., Oct. 1, 1900.

Account of Tri-County Fair The Illinois Central R. R. will sell round trip tickets to Henderson, on Sept. 25th to 29th inclusive, at rate of one fare. Return limit Sept. 30.

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS
Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.

FIRED FIVE BULLETS

Dixon, Ky., Sept. 16.—Robert Gibson was shot by Wash Heron this evening and died in two hours. When the doctor arrived Gibson was dying and a revolver was found lying near him. Five bullets struck him, one in the left temple and four in the left side, all of which passed through. Heron is still at large.

What Bradley Said.

In his message to the Legislature in 1898 Gov. Bradley said: "If the executive should determine to disperse the General Assembly can any sane man doubt that aarchy would be the natural and unavoidable sequence?" Yet in 1900 usurper Executive Taylor did, by proclamation and bayonet, disperse the General assembly and ex-Executive Bradley if he did not advise applauded the act.—Times.

INCANDESCENT BULBS.

Often their Heat Has Been Known to
Burn Articles Touching Them.

Many people are apt to think, because an incandescent lamp is inclosed in a glass bulb, and its incandescent filament cannot, therefore, come into contact with anything inflammable, that the bulb can be used under all conditions and in contact with all kinds of materials with but little danger.

That this is a mistake has been proved by several fires in shop windows where the hanging incandescents have been allowed to touch lace or other more or less filmy materials with which the window was draped.

Testimony on this subject can also be given by a rash youth who, during the cold weather of last winter, went to sleep with a burning incandescent lamp wrapped in a handkerchief at his feet. An hour afterward his slumbers were rudely broken by a sensation of extreme discomfort at the tips of his toes; the room was full of smoke, and the smoldering bedclothes were on the point of bursting into flame.

But the record in the demonstration of what heat an incandescent lamp is capable of throwing out is broken in a photograph lately published of a wooden partition through which a large hole had been bored simply by the pressure upon it laterally of an incandescent lamp.

Some mechanics who were at work in the room wanted the light closer, and twisted the flexible cord around a nail in a freshly finished wooden partition. The lamp, with its bulb resting on the wall, was left burning when the workmen left at five p.m.

When they came back to work at seven o'clock next morning the lamp had burned a hole larger than itself through the wainscoting, and was hanging clear of contact with the charred wood, which, says the London Express, had, fortunately, burned itself out.

HAS NATURE WARNED YOU?

When a woman thinks she has convinced a man, she has generally only made him sick.

As usually treated a sprain will disable the injured person for three or four weeks, but if Chamberlain's Pain Balm is freely applied a complete cure may be effected in a very few days. Pain Balm also cures rheumatism, cuts, bruises and burns.

A man ought never to take a woman seriously except when he marries, for then he can't help himself.

When a woman thinks she has convinced a man, she has generally only made him sick.

The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sunburn, chapped hands, chills, frost bites and chronic sores, etc. 25 cts. per box. For sale by R. C. Hardwick.

Wanted to "Lick The Spoon."

INDIANAPOLIS, IND., Nov. 16, '99.
PEPSIN SYRUP CO.

Dear Sirs:—We have been keeping house for five years and are never without Dr. Caldwell's Syrup Pepsin. We find nothing to equal it for stomach troubles and my children like it as well as myself. One night recently my wife was giving a dwee to our baby (14 years old) and Nelda (our little girl, 4 years old) cried for some tea. Her mamma told her she need not use it and she said "Can't I lick the spoon?" It is so pleasant to take, the effects are so good. We hate to be without Dr. Caldwell's Syrup Pepsin.

Yours truly,

The melon-colic days have come,
The saddest of the year,
When little Johnny wiggles and
twists,
And fills us all with fear.
He scorns the ice-cold melon which
We serve at dinner time,
He does not like it when he has
a rail fence to climb.

II.
He'd rather ramble in the patch,
With contentance serene,
And while the watchman is away,
Secure a melon green.
Then take the melon somewhere else
And burst it on a stone,
And eat it rind and seeds and all.
Then hurry home and groan.

III.
The melon-colic days have come
To dissipate the joys,
That summer ought to heap upon.
The freckled little boys.
They always make their melon feasts
Upon those plucked to soon,
Thus every night they hail with joy,
The paregonic spoon.

The Democrat.

He sniffs the battle from afar,
The old time Democrat,
Upon his breast is many a scar,
He never thinks of that;
But where the fight is fought and
won,
He speaks him to the fore,
As all true Democrats have done
These hundred years or more.

It mixes the soul to know the truth
And Glory of his creed;
That from the country's earliest
youth,
He crones of freedom's breed;
And now, against an Empire might,
It's plots of shame and sin,
He arms for the republic's fight,
In freedom's name to win!

Presidential March for Mr. Bryan.

Prof. George E. Siemens, one of Baltimore's rising musicians, has composed a march called "Siemann's presidential march," which he has dedicated to William Jennings Bryan, in anticipation of his election as president of the United States.

The march is said to be full of martial spirit and well calculated to arouse enthusiasm.

It will be published in a few days by a Capital publishing Company of Washington, and will be adapted to the piano, mandolin and guitar, double bass, orchestra and military band.

On the title page will be printed a large portrait of Mr. Bryan, on either side of which are to be the maddalions of Washington and Lincoln.

A copy of the march printed on the finest white satin, bound in blue silk cover, will be sent to Mr. Bryan with the compliments of the composer.—Baltimore Sun.

TO THE CHAIRMEN OF THE SECOND AND THIRD CONGRESSIONAL DISTRICTS:

This will inform you that I will, and sincerely desire, to canvass and enter in joint debate with any colored gentleman that you may appoint who lives in Kentucky, and I will discuss with him the following subjects:

First.—The Negro's Political Record in Kentucky that Proved a Failure.

Second.—That the Negro's Vote has been Directly Against His Own Interest.

Third.—That the Negro's Vote has been Directly Against His Intellectual and Financial Interest.

Fourth.—That His Vote is Being Sold by His Party for Political Capital.

Fifth.—That it is now to the best interest of himself, his wife and children, and to the State and good government, that he cast his vote this fall for the Democratic State and National Ticket, and secure for himself peace and prosperity at home and abroad.

Yours Truly,

CARGO OF SUPPLIES

For Philippines That Cost Uncle Sam \$600,000.

Six hundred thousand dollars' worth of goods was shipped from New York on the Danish Steamship Polarstjerne, for Manila, by United States officers this week.

The cargo weighs 3,600 tons, of which 2,000 tons were purchased by Colonel Kimball, 1,400 tons by the Subsistence Department and 10 tons by the Signal and Ordnance Departments.

The Subsistence Department sent 38,608 packages of food for the maintenance of the army in the Philippines.

The Medical Department is sending 2,30 packages, purchased by Colonel J. M. Brown, Deputy Surgeon General.

The miscellaneous supplies, consisting of ordnance and signal property, comprise 1,030 packages. The total number of packages is 70,75.

The most interesting item in the Quartermaster's schedule is the 820 coils of Manila rope, the raw material for which originally came from the Philippines, and which, after having been brought to the States and made into the finished article, is being reshipped to its native hemp fields.

The Great Circus Day.

In almost every home and hamlet the announcement of the coming at Madisonville, on Saturday, Sept. 22 of the Adam Forepaugh and Sells Brothers' union of big shows will be greeted as, tidings of great joy. Aside from its national reputation it presents very strong special pros to support its claim of being the only big show in America to-day. Since the Barnum & Bailey show went to Europe it is the only menagerie, circus and hippodrome that has exhibited in New York city and the general metropolitan area, dict, recorded by immense audiences for two seasons at Madison Square Garden, and in the press, seems to be that it has eclipsed its great and p.p.l.ar predecessor. The World echoes the drift of public opinion in pronouncing it the "biggest circus that New York has ever seen," and what hold good there will doubtless be maintained in the country at large, as the same attractions, whether on four legs or two, on the earth or in the air, or the earth or in the air, or water—and all of them—will be as effectively presented wherever the biggest tents on earth are pitched. From start to finish, from the magnificent street parade to the last of the hippodrome races, the exhibition is at once a colossus and a corker. There are acres and acres of instruction, education, fun and wonder. Hours may be profitably and pleasantly passed in inspecting the largest and finest collection of rarest wild beasts and birds. When it comes to the circus and hippodrome performances there appears to be no limit to the thrills and tickles. Hundreds of distinguished artists and admirably trained animals participate in a hundred acts. Even the very air is alive with wizard bicyclists, flying spirits and trapeze heroes and heroines, while in the three rings below appear the nine most magnificent and genuine bareback riders of both Europe and America. Intermingling with all this and filling the very air with laughing gas are clowns of all kinds and countries to the number of twenty-five, whose music, mirth and infinitely humorous hits and skits at current fads and fashionable follies make tens of thousands hold their sides and hilariously howl. As for the rest; well, you'll have to read the bills.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed, it swells and shuts out the sound of hearing, and, unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

The State Board of Election Commissioners will shortly meet and appoint the county boards. Registration officers will be appointed under the old law as soon as the county boards are reorganized.

Jim Howard at Frankfort testified in his own behalf, denying everything brought out against him and declaring he was at the Board of Trade Hotel when Goebel was shot. Howard accounts for his presence in Frankfort by saying he was there to get a pardon from Taylor for the murder of old man Baker.

Editor John H. Westover, whose friends thought he had his race for congress won in the Sixth district, withdrew the first of the week in the interest of Jos. L. Rhinock, of Kenton, who is expected to win the nomination in to-morrow's primary election, over Berry and Gooch.

L. & N. CONDUCTOR

Fell Under Car and Foot Was Badly Mashed.

Capt. Thos. Browning, the well known L. & N. freight conductor, happened to an accident in the yards here Wednesday morning, which may cost him the loss of a foot.

In attempting to board his train, he missed his footing and fell under a car, the wheels of which passed over his left heel, badly crushing it. He was immediately taken to the passenger depot, where Dr. T. W. Blakey, the Company's local surgeon, dressed the wound.

The bones were badly crushed, but it is thought that the foot can be saved.

Capt. Browning's home is in Earlington and he was taken to that place a few hours after the accident.

WEED IN HOUSE.

Loose Buyers Are Preparing to Begin Operations.

The private sales of the weed this week were very satisfactory, though very little tobacco changed hands. Good leaf ranged in price from \$8 to \$10, while the common grades fully sustained prices of last week.

Receipts are still very light, with but little prospect of improvement until the crop of 1900 begins to move.

Reports from the country indicate that nearly all the crop is in the house and is being cured up nicely. The little late planting that remains on the hill will be cut in a few days.

Loose buyers are preparing to begin operations, but, as yet, we have heard of no sales being made in the country.

BURNING BUILDING

Falling In, When Occupants Escaped in Night Clothes.

The residence and nearly all the outbuildings belonging to Mrs. Pauline G. Lander, situated just east of South Kentucky College, were destroyed by fire about 11 o'clock Monday night.

The dwelling was occupied by Mr. Oscar Hanbery and family and they had a narrow escape with their lives, as the roof of the room in which they were sleeping, fell in shortly after being vacated.

Owing to the inaccessible location, no water could be thrown on the flames by the fire department and the property was soon reduced to ashes.

Mrs. Lander's furniture, stowed away in one of the rooms, also burned. Mr. Hanbery succeeded in saving only a small portion of his household effects. Mrs. Lander's loss is estimated at about \$1,500. She had only \$600 insurance.

The loss on Mr. Hanbery's property was about \$500, with \$300 insurance.

The fire, it is thought, originated from a due in the kitchen.

This is a seven month's record, beginning in February and completed in August.

The record of the company in regard to profits to its investors places it far in advance of all would-be rivals. Of the first months coupons (2000) sold, on the seventh redemption in August, only 485 were left on the books, which means that over 75 per cent. have been paid off at their full redemption value. Of the second month's stock it has redeemed over 20 per cent. or more than one-fifth of it. Of the 3rd, 4th, 5th and subsequent month's stock sold, not including the special redemption of the Hopkinsville branch, an average of 18 2-3 per cent. has been redeemed. Under the action of the Directors of the Company, a special redemption was granted to the Hopkinsville Branch of The Union Finance Company, for out of the first month's stock of 1500 coupons sold in August, 500 were redeemed in August. The Company also grants to those of the Hopkinsville Branch who buy stock during the month of September a numeral of 10. So that any purchaser who holds as many as ten coupons may be sure of at least one redemption. Again the Company has already paid in the redemption of coupons in the short space of its life \$15,412, an average of over \$2,200 per month. Of the 9360 sold in Henderson and Owensboro, the Company has called in, redeemed and canceled 2984, which is nearly 32 per cent. of the total on the Home Office books, and which makes a splendid average of 426 coupons for each of the seven months.

The leading features of a good investment Co. may be enumerated as follows: 1st. The integrity & ability of the men controlling it. 2nd. The contract or plan. In regard to the first the following testimonial of Mr. B. G. Witt, of Henderson, who is cashier of the Ohio Valley Banking & Trust Co., is submitted, endorsed by such people as Wyatt Ingram, Jr., of Farmer's Bank & Trust Co.; Clay & Clay, Yeaman & Yeaman; "Henderson, Ky., June 30, 1900, Messrs. Laffoon & Langley, Madisonville, Ky., Dear Sirs: Replying to your inquiries concerning the standing of The Union Finance Company of this place and its officials, we are pleased to state very positively that its rating here in financial circles is of the best character. Its directorate is composed of some of the most conservative and successful business men in the commercial activities of our city. Their control and management assures the business public honorable and fair dealing. Respect, B. G. Witt." With regard to the second feature, viz: "The Contract or Plan," The salient points of a good plan or contract may be stated. 1st One which guarantees economy in its management, 2nd, One which yields the largest profits, consistent with safety, 3rd, One which most amply guards all of its investors. Touching the first point, The Union Finance is the only Company in the world which grants a redemption value on the first month. This is the highest possible guarantee to every investor of economy of management and gives every assurance that the expense of putting the business on the books will be kept at the minimum and it also secures a saving of time to the investor of from 3 to 6 months. The books of The Union Finance up to this date will show a total expense of less than 25c per coupon now on its books. Referring now to the 2nd point. The Union Finance pays a maximum value of 200 per cent for every dollar paid in. Then again the Reserve Fund of The Union Finance, that bulwark of safety to the certificate holders, there is a larger and more adequate provision made in the plan of The Union Finance than in that of any other Company in existence, for in addition to the 15 per cent of every dollar paid in, which goes immediately into the Reserve Fund. There is an additional clause which when a coupon is redeemed a dollar from the Redemption Fund may be added to the Reserve, also all fines, forfeitures and reinstatement fees belong to it, so that considering the fact that 65 per cent of every dollar, a larger Redemption Fund than is provided by most Companies, goes into the Redemption fund of this Company, it is clear to any unbiased mind that the plan of this company is more safely guarded than that of any other.

The performance given by the Olympia Opera Company at Temple theatre last night was as good an attraction as has ever been seen in Owensboro, and theater goers should not fail to turn out in goodly numbers each night during the engagement.
